

## WHAT PARENTS SAY ABOUT MR. O'HANLON

Words can not express what you have done for my son and me. It is people like you who take the time with their students, who you know have the potential to accelerate when pushed the right way. When we were told he would never read or write properly because of his ADHD and other issues that come with this, to see him accelerate late but in time and going to walk across the podium in a few weeks is a parents dream. If there were more teachers like you, there would be less drop outs in the school system! If there is anything I can ever do for you, even with our son graduating please don't hesitate to contact me. I would love to help kids who have the potential, but just need that extra push and positive attitude to know they too can do it. Again thank you for everything, I hope you keep in touch with us, you are not only a TEACHER but a FRIEND! -Kathy A.

I had a nice time at graduation. I really enjoyed myself. I would like to thank you for everything and standing by my side when I needed you the most. -K.B.

Thank you so much for taking our son under your wings. Thanks also for allowing us to communicate through you. Your attentiveness to our son really helped him to transition into high school and you gave us a peace of mind knowing he had a teacher he could go to when needed. - Brenda C.

THANK YOU FOR CARING! And thanks to your caring and encouragement Victoria is a 2015 high school grad. You're a great teacher! Keep up the amazing work, we NEED more teachers who really care about the students as you do. -Mary H.
